RECORDED

EA 82-0356/1
3 February 1982

NOTE FOR: C/PCS/PGLO
VIA: C/LLD
FROM: C/HL/LLD/OEXA
SUBJECT: HPSCI Update Re Central American Presidential Finding
REFERENCE: EA 82-0207/1, 2 February 1982, Same Subject (Attached)

1. See reference memorandum for background.

2. Further to Reference: HPSCI Staff Director informs that the Committee has set subject Full Committee hearing for 10 a.m. on 10 February.

Latimer also informs that both House Speaker Tip O'Neill and House Minority Leader Bob Michel will be in attendance. Please so advise appropriate DDO offices. I, in turn, will send a memorandum to the DCI notifying him of this turn of events and recommending that, if all possible, he do the briefing personally. Should there be a scheduling conflict, I will recommend that the DCI designate whom he'd like to handle the briefing.

While Latimer did not press for the DCI to give the briefing (leaving this up to us), he did note that it might be good to have someone from State--on the Enders/Stoessel level--to handle the policy and policy related questions. I personally think this would be advisable and will raise it in the DCI's memorandum.

Latimer underscored the Committee's primary interest
